

Trusted Issuer Roadmap — EUDIW Ecosystem

Status: Technically ready, pending administrative registration

Goya Ledger passes 62/62 EUDIW conformance assertions and has verified end-to-end credential issuance with HopaeEUDIWallet on iOS (2026-09-01).

Path A — EAA Issuer (~€800 setup)

Any company can issue Electronic Attestations of Attributes (EAA).

Step	Action	Entity	Est. time
1	Obtain e-Seal Certificate QSCD from SK ID Solutions	SK ID Solutions (Estonia)	2-4 weeks
2	Register as EAA issuer with RIA	Riigi Infosüsteemi Amet	1-2 months
3	Publish in Estonian Trusted List	RIA	1-2 months
4	Propagate to EU LOTL	Automatic	Days

Costs: - e-Seal Certificate QSCD (3yr): €610 - Certificate handling fee: €60 - QSCD cryptostick: €120 - Total: ~€790

Path B — QTSP for QEAA (~€20-40K year 1)

Required for Qualified Electronic Attestations of Attributes with full legal weight.

Step	Action	Entity	Est. time
1		SK ID Solutions	2-4 weeks

Step	Action	Entity	Est. time
	e-Seal Certificate QSCD		
2	Conformity assessment by accredited CAB	TÜV / LSTI / equivalent	2-3 months
3	Liability insurance	Insurance provider	2-4 weeks
4	Notify RIA with CAB report	RIA Estonia (eIDAS Art. 21)	1-2 months
5	Publication in Estonian Trusted List	RIA	1-2 months
6	EU LOTL propagation	Automatic	Days

Costs: - CAB audit: €15,000-€30,000 (every 2 years) - Liability insurance: €3,000-€8,000/year - Certificate: €790 (same as Path A) - Year 1 total: ~€20,000-€40,000 - Recurring: ~€10,000-€20,000/year

Path C — LSP Participation

- EWC: concluded 2025
- WE BUILD: closed to new members (may reopen for Relying Party / Interest Group)
- Monitor: webuildconsortium.eu/register

Technical Readiness Checklist

- ☒ OID4VCI v1 (62/62 conformance assertions)
- ☒ SD-JWT VC format (vc+sd-jwt, ES256)
- ☒ mdoc format (mso_mdoc, ISO 18013-5)
- ☒ Nonce endpoint (OID4VCI 1.0 Final §8)
- ☒ PAR + PKCE S256 (RFC 9126 + RFC 7636)
- ☒ OID4VP with DCQL (OID4VP 1.0 Final)
- ☒ Status list endpoint
- ☒ JWKS with matching kid
- ☒

- ☒ Offer-by-reference (GET /credential_offer)
- ☐ Real wallet interop (HopaeEUDIWallet iOS)
- ☐ Access certificate from EU Trusted List CA
- ☐ Registration in Estonian Trusted List
- ☐ Wallet Unit Attestation verification
